

U. S. Deputy
Mineral Surveyor
For Nevada

(Copy)

Notary Public.

Office of

E. C. McClellan

Elko, Nevada, August 24, 1907.

Register U. S Land Office,

Carson City, Nev.

Dear Sir:- Will you kindly inform me what land is still vacant in Sec. 10, T. 34N., R. 55E.? I want this information in connection with the Indians, who are located around here. They have settled upon a part of Sec. 15, here, - which forms a part of the town site of Elko, and have been ordered off the land. Many of them have put up good houses, and are self supporting. They want to find some place they can move their houses upon, where they will not be molested, and I think some part of Sec. 10 will be all right for them; as they want to be close to town, where they get most of the work they have to do.

Please send bill with the information, if any needed.

Very respectfully,

(Signed) E. C. McClellan.
